GOAL AND OBJECTIVE

The goal and objective of Project Briggs, Inc. is to broaden the scope of reach that became limited with traditional fundraising concepts. It is the kind of inclusive organization that diverse people are given an opportunity to form and strengthen alliances. With your support, we can effect change that will be tangible. It's time to make a real difference.

OUR FOCUS

Support Urban Projects, Cultural Event Activities for Diverse Communities with Collaborative Partnerships through Outreach. Additionally, our organization will focus the event concept and efforts on increasing potential sponsor visibility amongst diverse consumers within the Washington, D.C. metropolitan area. Ultimately, Project Briggs, Inc. would like to serve as Brand Ambassadors and use for annual events such as "Pride by the River" as an example of our signature DC event templates here in the Greater Washington area.

WHY US?

Diversity is no longer just black and white – diversity today means something different than it did years ago. The largest groups of consumers today are Millennials, Generation Xers and Generation Y; they are the most diverse generations to date. Everyday our society is bombarded by overly generalized marketing. One size does not fit all. Diverse audiences have learned to tune out most of these irrelevant messages and are wary of gimmicks to get their attention. To get past the filter, a culturally competent diverse brand campaign requires deep authenticity and commitment. Companies must embrace this unique niche market segment's cultural and/or lifestyle characteristics and be ready to immerse themselves to win over the skeptics.

A culturally diverse market segment is more psychologically and emotionally invested in the issues that impact their lives. Corporations that define tailored brand strategies that catch the attention of this **"untapped niche market segment"** will see a new loyal customer base emerge. The best way to grow great brands is to turn consumers into shoppers. Our primary goal for sponsorship is to position event sponsors in high impact areas of the event to inspire Millennial and Generation Xers consumers to make the trek from awareness of their brands to connecting and purchasing their brands.

The Butler's Kitchen

Where There's Nothing Left on the Table

The Butler's Kitchen addresses groundbreaking controversial topics that aren't easily discussed between various diverse communities, especially of color. Topics range from social injustices, local and national politics, relationships; both from the homo and heterosexual perspective, dating/online dating, social media controversies to whatever event or topic creates challenging thought-provoking conversations. Our goal is to not only bring these topics to the forefront, however but also to discuss the next steps, etc.

Harm Reduction Meet-Up

Mix and Mingle to Reduce Harm and PrEP Linkage

Harm Reduction Happy Hour is a gathering of minds where to discuss the Opioid Crisis in the DMV. No matter your age, gender, sexual orientation, or race, we'll present topics are something that bring us together because these are things, we all go through! From there, each year, the topics will delve into the deep conversations of those affected by Fentanyl. This is a Group-Level Training opportunity. This discussion will surely bring many thought-provoking conversations that will push our thinking, open our hearts, challenge our minds, and give us an opportunity to discuss the effects of the Opioid crisis.
